A double earthquake shock caused sailors on board six dreadnoughts of the Pacific fleet off the Western coast of Mexico to think the ships had struck an uncharted reef Saturday. No damage was reported.

A white book published by the German government shows that army leaders forced the move for peace, fearing that the line might break at any minute and that a debacle would result. Prince Max, on the other hand, urged delay, saying that the offer was premature.

Gov. Black announces that he will start an investigation of living costs when the political sea settles, following the primary storm. The Governor's plan is to appoint a board of Kentuckians to look into the matter and make recommendations. Prosecution of profiteers, where such a course is suggested, will be asked from local authorities.

The American Red Cross has established a life-saving corps, the duty of which will be to spread broadcast in the land a knowledge of improved methods for reviving persons who have been rescued from drowning. It is stated that every year 10,000 persons are taken from the water unconscious but alive, who succumb because of failure of rescuers to employ proper resuscitation methods.

Because of the fact that negroes are suspected of having started the fire which destroyed numbers of workers' homes in the Chicago stockyard district Friday, it was decided by Gov. Lowden and the packers to prohibit 15,000 negro workers returning to the yards Monday. Gov. Lewell believes, however, that labor trouble rather than race feeling was responsible for the fires.

In an opinion submitted to the National Brewer's Association Elihu Root and two other attorneys declared that the war-time prohibition enforcement measure, recently passed by the House and now pending before the Senate, is unconstitutional. The opinion declared that until the prohibition amendment is effective January 20, 1920, Congress has no right to prohibit sale of any kind of beer.

Enlistment of negroes for the infantry will be discontinued temporarily under an order issued by the War Department. It was explained that this action was taken only because the authorized enlistment of negroes already has been exceeded.

A Caproni airplane, flying from Venice with fourteen persons on board, fell to the ground from a height of 1,000 meters, (about 1,100 yards), near Verona. All on board were killed.

Millions of U. S. Children Hungry

From 3,000,000 to 6,000,000 Suffer From Malnutrition Is Charge.

Washington, Aug. 4.—From 3,000,000 to 6,000,000 American children are not getting enough to eat because their parents are unable, on their present incomes, to buy sufficient food, said a statement issued today by the Children's Bureau of the Department of Labor.

These are the children, the statement said, who are often pronounced by parents and teachers to be "delicate," "ailing," "lazy" or just "plain onery," although their true affliction is malnutrition.

The number of school children in the United States who are not getting sufficient food was placed at from 15 to 25 per cent.

"Thousands of American families," the statement said, "today are living on an income which does not permit an adequate diet."

THE world is crying for food. Never since the Earliest Days has there been such a universal food shortage. ¶ It is our plain duty, then, to work and plan constantly to increase the total output of food, or millions must fall instant prey to death by starvation. ¶ The Fair is trying to stir up a local interest in food problems by the offer of big prizes for products exhibited.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly. Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last... two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children... Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.
